Career Objective

Enthusiastic MSc Data Science candidate with a BSc (Hons) in Mathematics, driven by a strong interest in data analytics, web development, and Python programming. Skilled in analytical problem-solving and technical implementation. Looking to gain practical experience and contribute effectively as an intern in a challenging, growth-oriented environment.

Education

Christ University, Lavasa, Pune
MSc. Data Science 2024 – 2026

Lady Brabourne College, Calcutta University
BSc in Mathematics Honors 2021 – 2024

Projects & Academic Initiatives

- **Music Management App (SoundAlley) using Django**
- Built a Django-based music app with features for uploading, streaming, and downloading songs, plus a Karaoke Mode with lyrics display. Added a Mood-based playlist system that curates songs to match users' emotions.

- **Internship Tracking System App using Django Ongoing**
- An Internship Tracking System built with Django where recruiters can post internships, manage applications, schedule interviews, and track intern progress. Interns can apply, monitor status, and receive automated email updates.

- **Student Performance Analysis using Machine Learning**
- Analyzed student marks with Python using charts and graphs, and applied machine learning to predict performance.

Skills

- Python
- C
- Java
- MySQL
- Machine Learning
- EXCEL
- Probability & Statistics
- Power BI

Soft Skills:

- Problem Solver
- Time management
- Adaptibility

CERTIFICATIONS

- Python Course: Basics to Advanced 2025
- MongoDB course
- Academic Excellence Scholarship
- Building Data Foundations on Snowflake for Data Warehousing
